

# case viewnet™

W I R E L E S S

Companion  
software to  
Case CATalyst® by  
Stenograph

## **Your clients will love you!**

- Absolutely no cost to clients ... other than your services

**WiFi** lightens your load with an Access Point that's small enough to fit in your hand. The days of unscrambling cables, splitters and adapters are over.

Featuring:

**WiFi**

- Free client software download from [www.stenograph.com](http://www.stenograph.com)

**Secure encryption** means you, and only you, grant access to your realtime transcript.

**RapidRefresh™**

- Interactive realtime with search, annotation and more

**RapidRefresh™** synchronizes your transcript changes, including globals, on your clients' computers instantly to create the most useful rough draft possible!

**Stenograph®**

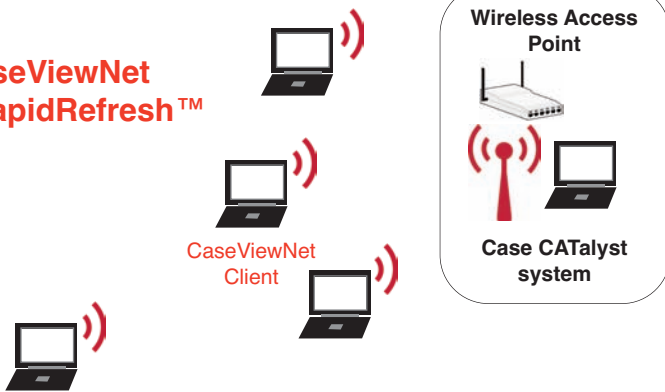

- No tokens!

**Simultaneous output** to legacy CaseView® and other CaseView-compatible software means you can be everything to everybody.

**Export** to LiveNote® PTF, LexisNexis® TextMap®, Summation® and more assure client satisfaction.

### CaseViewNet with RapidRefresh™

## CaseViewNet WiFi Network

### Court Reporter Requirements

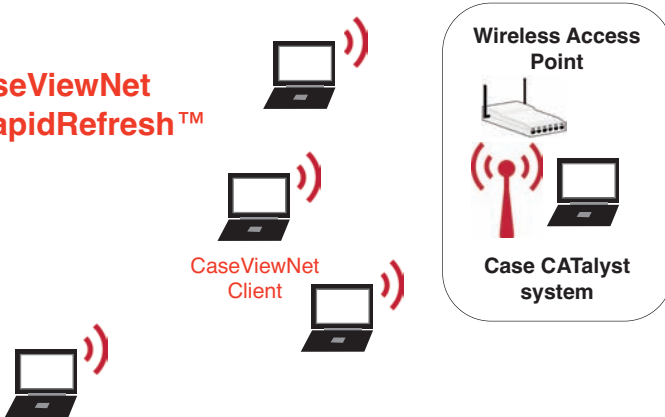

- CaseViewNet annual license
- Case CATalyst® current version
- Active Case CATalyst Support Agreement
- A WiFi-enabled computer
- A Wireless Access Point

### CaseViewNet Client Requirements

- A WiFi-enabled Windows XP SP2 or Vista computer
- Free CaseViewNet Client software downloadable from [www.stenograph.com](http://www.stenograph.com)
