- ✚ Skip the hassle of installing software and drivers
- ✚ Get up and running fast!

Ready-to-Go Toshiba® Tecra®

The PC traditionalist who wants a computer that offers commonality in look, feel and function across all software, including Case CATalyst.

Stenograph installs Windows 7 and upgrades it to the most current version, installs Case CATalyst 11, installs USB drivers for the security device and Stenograph writing machines. Any optional items such as AudioSync Pocket Mic are tested before packing and sending to you. The three-year warranty starts the day of shipment.

Ready-to-Go MacBook® Pro

For the Apple® enthusiast who wants to use one notebook for both Mac® OS and Windows® software, such as Case CATalyst.

Stenograph installs Boot Camp®, partitions the hard drive, installs Windows 7, Case CATalyst 11, USB drivers for the security device and Stenograph writing machines. All programs are updated to current versions to save you time and effort. It's packed up and sent to you. The one-year warranty starts the day your computer is shipped to you.
