## **TESTIMONIALS:**

"I have been a court reporter for a very long time which means I was set in my ways...okay, I was a dinosaur. My theory was the first "computer-compatible" theory being taught. I was slow at editing and didn't really understand why. The software had so many features; I had no idea what it could do. All of that changed when I was introduced to Karen Perlman. I am proud at how far I've come since I started working with Karen. She has so much knowledge, and I

have total confidence in her. What makes her a different type of instructor to me is that she truly cares. It seems to me it was actually fun for her to teach me new tricks. My editing has improved, and I now utilize a lot of cool stuff from Case Catalyst! I highly recommend working with her to learn and improve your skills."

"Karen is fantastic! She is patient and really cares about helping her client. She has a good sense of humor too! I have had the pleasure of having her help me with a few issues I was having. Karen really knows Case Catalyst and clearly enjoys passing along her vast knowledge of the program. I would definitely use her again and would recommend her to anyone new to Case Catalyst in need of learning the program as well as helping those already established in learning something new and becoming more efficient." *Sincerely, Carrie Belmonte*

"I switched to Case CATalyst after having been on the same program for almost 30 years, and I was extremely intimidated. Karen's calm and positive manner, combined with her incredible knowledge and enthusiasm, made the whole experience a pleasure. She is an excellent teacher, and I highly recommend her!"
