## **TESTIMONIALS:**

"Spending time and money on training is never a bad idea, but when you train with Merilee, you get more than your money's worth. My training session with Merilee was completely personalized for me. She had me keep a list of questions and after I gave her that list, she created a comprehensive training session with my questions/issues specifically in mind. Not only did she answer all of my questions, she showed me tools and tricks in the software to improve my overall use of Case CATalyst. I have since received compliments of improved

writing from my scopists, and my untranslated rate has continued to improve. I highly recommend Merilee Johnson for Case CATalyst software training. You will not be sorry!
