TESTIMONIALS:

"I am writing this letter, and extending my warmest thanks and appreciation, regarding the numerous Case Catalyst training sessions I have had with Sharon Fox. She is not only very knowledgeable with the software, she is extremely patient. I was not proud on the occasions I needed and requested "re-reviews" on certain aspects, but she made me feel comfortable by spending as much time as I needed, and then following up to make sure everything was going smoothly. Sharon was also very accommodating regarding my work schedule

versus hers, and our different time zones. She was always kind enough to work around my schedule. Sharon was and is a great asset in explaining and implementing the ease of editing. She helped me immensely with keyboard mapping, auto indexing, and other features that have reduced my editing time and made my job so much easier. In closing, one of the nicest parts of having an excellent trainer is having an extremely nice one. She is a pleasure to work with!"

"I have had many remote trainings for Case Catalyst with Sharon Fox. Our time zones are different yet she always accommodated my availability. It has been 10 years since I last worked as a court reporter. Sharon helped me get back on track. I had to start from scratch. She helped me with my dictionary, setting up the speakers, my function keys, my include pages, everything that was needed for me to start working again. Her knowledge of the software has made my life easier! She always made herself available remotely or by email to answer any of my questions. Without her I would not have been able to get back to working as a court reporter. Sharon has been very patient with me in relearning the software. I really appreciate all of her help." *Jennifer Aguilar*
