CATalyst Webinar: Building Better Dictionaries

Learn how to harvest material from a variety of file types and generate wordlists via Create Core List. Begin using tools in Case Prep and Dictionary Builder to define words and phrases quickly and efficiently.

Premium Event – Tune Up Your Personal Dictionary!

See how much of your dictionary is actively used, what entries might be better to delete, what entries should be modified, and ensure that your translation results don't cause you to spend more time in edit than necessary! *This event costs \$20 to attend and offers documentation you can submit for 0.15 CEUs.*
