

Realtime Over the Internet with Any CAT Software

CaseViewNet Cloud works with any CAT software!

CaseViewNet Cloud uses any internet connection to securely transmit your realtime text to anyone, whether they're in the same room or located remotely.

Get started quickly – The CaseViewNet Cloud Gateway application and a session code are all you need to connect to remote participants.

Browser ready – Ask your clients to go to caseviewnet.com on any device with an internet connection and they can immediately follow along.

ANYWHERE, ANYTIME, ANY DEVICE!
