

WHY DOES MY LUMINEX II TILT?

The Luminex II can tilt 70 degrees in either direction, allowing you to find the position most comfortable for you. Take a look at one example of how you can care for your body while writing.

I make a living writing on a steno machine every single day. Why wouldn't I invest in the best tool for the job? With the Luminex II, and its tilting capability, I can write for hours with no fatigue or wear and tear on my wrists and arms. Thanks to the Luminex II, I am enjoying my 51st year as a working reporter, with no end in sight!
