

PROTECT YOUR *INVESTMENT!*

ENDURANCE WRITER PROTECTION PLAN

Endurance is an annual protection plan for your writer. Should your writer need repair, you can count on Stenograph's expert service technicians to address the issue immediately and get you back to work as quickly as possible.

Your writer is a highly specialized device with complex electronic and mechanical components. For this reason, we recommend that your writer be serviced exclusively by Stenograph – the only provider with access to new and original parts and materials.

EXTRA FOR WRITERS

With **Extra**, your writer will feel and sound like new again! Stenograph's expert technicians will thoroughly examine, readjust, and clean your writer for optimal performance.

Stenograph recommends having the Extra for Writers service performed every 24-30 months.
